

Formula to Determine Amount for Title III, Part A LEP Equitable Services

This worksheet is for purposes of determining the amount of Title III, Part A LEP funds that an LEA must make available for equitable services to private school LEP students, their teachers, and parents as applicable.

Section A		LEA Contact Information School Year 2015-2016			
LEA Name					
County District Number					
LEA PNP Contact					
Phone Number					
Fax					
email					
Address					
Superintendent's Name					
Section B		Calculating Equitable Service Amounts			
Student Enrollment-					
If a LEA reserves funds off the top of its Title III allocation for supplemental instructional activities, professional development activities, or parental involvement activities the following federal requirement applies. The LEA must provide from those funds, as applicable, equitable services to eligible private school students, teachers, and/or parents. The amount of funds available to provide equitable services from the applicable reserved fund must be proportionate to the number of LEP identified private school children. LEAs must assure that administrative costs, including indirect costs, will not exceed 2% of the total Title III, Part A LEP grant award.					
District LEP Enrollment		Participating Private School(s) LEP Enrollment		Total LEP Enrollment	0
Title III, Part A Allocation to be used for Instruction, Professional Development, and/or Parent Involvement Activities-					
District Title III, Part A LEP Entitlement		Allocations for Indirect Costs and Administration (Not to exceed 2% of the entitlement)		District Allocation for current year's Title III, Part A LEP services	
Per Pupil Allocation-					
Title III, Part A LEP Equitable Services Amount-
