

Determining Professional Development Activities

For PNP School Teachers Based on Needs Assessment

As part of Title III, Part A services, LEA and PNP school officials can use this worksheet to develop effective professional development programs for PNP school teachers of English language learners (ELLs). Using the worksheet during consultation, LEA and PNP school officials can identify: the needs of their ELLs and their teachers; the teachers' strengths; the most appropriate professional development to meet the identified needs; and the estimated cost of the professional development activity.
